

## FIGHTING CONTINUES IN NORTHERN FRANCE

Neither Side Is Able to  
Advance on Coast—Ger-  
mans Gain In Interior

## CONFLICTING REPORTS

Each Side Claims to Have Re-  
pulsed Attacks of the Other  
and to Have Made Progress

## ARMIES ARE NEARLY EQUAL

London, Oct. 22.—Desperate fighting continues in west Flanders and northern France between Germany's armies reinforced by virtually all her forces in the occupied portions of Belgium, and the French, British and Belgian troops, aided by British warships.

Along the coast the Yser river still divides the contending forces. Neither side, apparently, has been able to advance, but in the interior, according to a German report issued tonight, the Allies are retiring from several important positions.

### Contradicted by French.

This statement of the Germans is contradicted however by the French communication issued in Paris, this afternoon, which says the Allies have not been moved, despite very violent attacks of the invaders. All along the front, they declare, the North Sea to the Swiss border, in fact, each side claims to have repulsed the attacks of the other or to have made progress at various points.

The contending armies seemingly are so nearly equal in strength that neither can force the other back, pierce the front or get around the wings.

### Russians Score Victory.

In Poland the preliminary battle, at least, has moved a little more swiftly. The Russians report that they have been able to drive back the first German offensive move against Warsaw, the Polish capital and the fortress of Ivangorod. All the Russian accounts refer to this as a great victory. They declare the Germans, besides losing many prisoners and guns, have left large quantities of ammunition and provisions in the trenches they had prepared for their defense.

German headquarters heretofore had made no reference to this struggle but today it says that after several days of battle no fighting was reported yesterday.

Apparently there has been more fighting on the East Prussian frontier, where the situation has been quiet for some time, as the German report says "our troops are pursuing the retreating enemy in the direction of Ossowetz."

Ossowetz is the fortress which was in range of the German guns several weeks ago when their advance on the Niemen failed.

### Austrians Are Advancing.

The battle around Przemysl and south of that city is still going on but further south the Austrians claim they have cleared the Russians out of Hungary and are advancing toward Bukovina, a crown land in Eastern Galicia with the same object in view.

As though the Belgians had not already suffered sufficiently from the war, the villages along the coast north of Ostend are suffering severely from shell fire. Lying as they do, between the German line and the British warships off the beach, some of them are reported to have been wiped out and others badly damaged. It is believed, however, that virtually all the inhabitants of the villages fled when the Belgian army retired behind the Yser river.

### Indians Will Soon Be Ready.

Lord Crewe, secretary of state for India, officially disclosed in a speech delivered last Tuesday but made public only today that the Indian troops in France have not yet taken part in any of the battles. The men and their horses required considerable time to become acclimated but the belief here is that they soon will be ready to take their places at the front. The hospitals have been advised to get ready next week for their wounded.

Again today it was reported that Italy had landed marines at Avlona, Albania. Such a step, it is generally believed here, would not be represented by any power at the present moment when the situation in Albania is so serious because of the warring tribes and the strife between the contenders for the crown of the new nation which was surrendered recently by Prince William of Weid, who ruled for a few months.

### RATITIES PEACE TREATIES.

Washington, Oct. 22.—The senate today ratified peace commission treaties with Paraguay and Sweden and a treaty with the republic of Panama fixing the boundaries of the canal zone. The Panama treaty embodies the boundary agreement fixed in 1904 by General George W. Davis, then governor-general of the canal zone and representatives of Panama.

## OFFICIAL REPORTS

### —RUSSIA—

Petrograd, Oct. 22.—The official communication issued by General headquarters tonight says: "The rapid retreat of the Germans from Warsaw continues. The bombardment by the enemy's heavy artillery has caused no essential damage to the fortifications of Ivangorod or the bridges.

"In Galicia desperate engagements are still being fought. During the advance in the region between Przemysl and the Vistula, we captured more than thirty officers, two thousand soldiers and many rapid fire guns. To the south of Przemysl, the Russian operations are developing, also with success."

### —GERMANY—

Berlin, Oct. 22.—via London.—An official announcement issued tonight from chief headquarters says: "On the Yser canal heavy fighting is still in progress. The enemy was reinforced by artillery fire from the sea at a point to the northwest of Nieuport but in the engagement a British torpedo boat was put out of action by our artillery.

"Fighting continues to the west of Lille and here also our troops have assumed the offensive and have repulsed the enemy at several points. The English have lost several machine guns.

"No decision has yet been reached in the eastern theatre of the war."

### —AUSTRIA—

Manchester, Mass., Oct. 22.—The Austrian embassy here tonight announced the receipt of an official message from the home government as follows:

"In Galicia, the Austrian troops have gained ground in stubborn attacks on fortified hostile positions and have carried several important heights. Counter-attacks by the Russians have all been unsuccessful.

"On the southern wing the fighting is chiefly an artillery duel. By the extensive use of field fortifications, the battle has largely assumed the character of siege warfare.

"No more Russians are left in Hungary.

"In the province of Bukovina our advance has reached the Great Sereth river."

### —FRANCE—

Paris, Oct. 22.—The official communication issued by the French war office tonight reports a continuation of the great battle between the sea and La Bassee, in the Belgians and the allies are holding their ground. Between Arras and the Oise the Germans have met with equally strong opposition. The text follows:

"The activity which the enemy displayed yesterday did not slacken today. Between the sea and La Bassee, the battle has continued with just as great violence, without the Germans being able to force back the Belgian army or the French and British troops.

"Similarly, between Arras and the Oise, the enemy has made determined efforts which have at no point been crowned with success.

"In the Argonne region we have made progress between St. Hubert and Le Four de Paris.

"To the north of Verdun we have gained ground at Haumont and Drabant on the Meuse. In the Woëvre region we have repulsed an attack on Champlon."

### LIEUT. GEN. VON MOLTKE IS REPORTED DYING

Chief of German General Staff Suffering From an Affection of the Liver.

London, Oct. 22.—12:10 a. m.—A private letter received in Amsterdam from a high official in Berlin, says Lieutenant General Count Helmuth von Moltke, chief of the German general staff, is dying, according to the Exchange Telegraph's Amsterdam correspondent.

"Everything," the correspondent adds, "is being done to keep the news secret. The general is suffering from an affection of the liver. He has now had to leave Emperor William's headquarters, General von Falkenhayn, the Prussian minister of war, being left in charge.

"Many German officers ascribe to the German advance to the front retirement of General von Moltke."

### SUBMARINE OVERDUE.

London, Oct. 22.—12:12 a. m.—The secretary of the admiralty announces that the submarine boat E-3, commanded by Lieutenant Commander George F. Cholmeley, is now considerably overdue and that it is feared she has been sunk in the North Sea.

A wireless despatch received here from Berlin Tuesday said the E-3 had been sunk Sunday, October 18, by German warships. Her complement consisted of 16 men.

### WEDDING ANNOUNCEMENT.

F. J. Waddell has received the announcement of the marriage of his niece, Katharine Corry Waddell, daughter of Mr. and Mrs. Allen L. Waddell, to Mr. Charles Emil Howard, the ceremony taking place at the home of the bride's parents in Los Angeles, Calif., Saturday, Oct. 17. Allen L. Waddell and family were former residents of Jacksonville.

## SOUTHERN DEMOCRATS PREVENT ADJOURNMENT

FILIBUSTER UPSETS CAREFULLY LAID  
PLANS OF CONGRESS

Unless Agreement Can Be Reached  
Today for a Recess Until After  
November Elections, Congress  
Will Stay in Session Indefinitely  
Without a Quorum in Either  
House.

### THURSDAY IN CONGRESS.

Met at noon, to await the action of the house on the war revenue bill.

President Protempore signed war revenue bill.

Vote on joint resolution to adjourn sine die at six o'clock delayed to allow house to get quorum.

Recessed at 4:36 p. m. to 5:30 p. m.

Filibuster by Senator Hoke Smith of Georgia prevented action on adjournment resolution.

Ratified peace treaties with Sweden and Paraguay and treaty with Panama, fixing boundary of canal zone.

Adjourned at 6:20 p. m. to noon Friday.

### House.

Met at 11 a. m.

Adopted the conference report on the war revenue bill after an hours debate.

A resolution for adjournment sine die at 6 o'clock tonight was prepared by administration leaders.

Began consideration of cotton relief legislation.

Speaker Clark signed war revenue bill after sergeant at arms had brought in quorum.

Representative Underwood announced hope of passing final adjournment resolution in senate should be abandoned.

Adjourned at 6:10 to noon Friday.

Washington, Oct. 22.—Filibustering of southern Democrats who are fighting for legislation to relieve financial stress in the cotton states, upsets carefully laid plans for adjournment of congress at six o'clock tonight.

Advised by Senator Hoke Smith of Georgia, the cotton belt members at the last moment prevented action in the senate on a joint resolution to adjourn sine die, already passed by the house and tonight it appeared that unless an agreement could be reached tomorrow, for a recess until after the November elections, congress would stay in session indefinitely without a quorum of either house in Washington.

The collapse of the adjournment program came after every hope for its success had been held out and supreme efforts have been made to accomplish the conclusion of the session after adopting in both houses of the conference report on the war revenue bill.

Signs Bill in Golf Clothes.

A spectacular feature of the situation was a dash by President Wilson from a golf course to the capitol to reach there in time to sign the war revenue bill before adjournment. The president rushed into the capitol followed by secret service men at 5:45 o'clock in the evening. Attired in his golf clothes and without his reading glasses he hastened into the president's room where the revenue measure, signed by Speaker Clark and Senator Clarke, president protempore of the senate awaited him. Borrowing glasses from Senator Hughes of New Jersey, the president signed the bill and several others which were waiting for him.

Sensors ran in and out of the president's room holding their watches, while Senator Martin vainly sought to have passed the resolution which the house had passed early in the day, providing for adjournment sine die at six o'clock tonight. At every turn he was met by filibustering tactics of Senator Hoke Smith, who demanded successive roll calls on motions to recess until tomorrow and to proceed to consideration of executive business. This kept the senate busy until six o'clock, the clerk in the house having been turned back in the meanwhile in the hope that the senate might pass the resolution.

When six o'clock arrived Democratic senators who had been fighting for adjournment gave up. The house resolution had automated the senate go into executive session. Majority Leader Underwood then hastened to the house with the announcement that there was no hope of adjournment of the session. The house had then been waiting some time without a quorum present and adjournment until tomorrow was ordered.

Representative Underwood said later that he did not believe it would be possible to get another quorum to pass an adjournment resolution until after the elections.

Scores of Congressmen Leave.

Before six o'clock had arrived, in fact, scores of representatives and senators had left town and others took later trains.

Majority Leader Kern and other Democratic senators were equally dubious of any adjournment at this time of the state.

## War News Summarized

There has been no cessation of the battle in Belgium and northern France. All the official communications declare the fighting is of the fiercest character and that the British warships continue to aid the allies on land with heavy shell fire from their guns. One report has it that the British fleet is being assisted by a French squadron.

The British admiralty praises the work of the warships and reports great damage to the Germans from their fire. It adds that the naval losses have been small and that the German artillery is having difficulty in finding the range. The operations of the British warships are under the direction of Rear Admiral Hood.

On the other hand Germany officially reports that a British torpedo boat destroyer off the Belgian coast was put out of action by the German shells and refers optimistically to the progress of the battle along the whole front.

Evidently the Germans are taking a strong offensive because the French official communication in referring to the violent engagement which has been going on for several days says the Germans have not been able to force back either the Belgian army or the Franco-British troops.

From Petrograd comes a reiteration of the official reports that the Germans are continuing their hasty retreat from Warsaw and that desperate engagements are being fought in Galicia.

Emperor William and the German headquarters staff have retreated from Czenstochowa, Russian Poland, into Silesia, according to a London Daily News despatch from the Russian capital.

The Earl of Creve, Secretary of State for India, is authority for the statement that the Indian troops which Great Britain has brought to the continent have not yet been engaged in the fighting, though their early participation is expected.

The Prussian diet has passed war bills carrying an appropriation aggregating \$375,000,000.

In an address before the Prussian diet, Herr Del Breuck, the imperial vice chancellor, after declaring that Germany had been forced into the war by the hatred and envy of her neighbors said that "Germany will not lay aside her arms until she has gained a victory that will guarantee lasting peace."

Large numbers of Germans and Austrians have been taken from London and interned in the detention camps, and a threatened invasion of the British Isles by Zeppelins is found in the fact that Westminster Abbey has been insured against damage from airship attacks.

A private letter received in Amsterdam says that Lieut. Gen. von Moltke, chief of the German general staff, is dying.

## PLEADS FOR MORE MEN FOR U. S. COAST DEFENSES

Brig. Gen. Weaver Submits His Annual Report to Secretary Garrison.

Washington, Oct. 22.—An urgent plea for more men to garrison the country's coast defenses was made by Brigadier General E. M. Weaver, chief of coast artillery, in his annual report submitted today to Secretary Garrison. No new fortifications were asked for in addition to the proposed forts at Cape Henry, to command the entrance to Chesapeake Bay.

Calling attention to the fact that many of the foreign warships of latest design are to carry guns larger than 14 inches in calibre, General Weaver asked that 16-inch guns be provided for Cape Henry.

"Otherwise," he said, "these fortifications may be subjected not only to a very much greater volume of fire than can be delivered by them but also have the disadvantage of replying to that fire with guns of inferior power, both by reason of the diameter of the bore of the gun and by reason of its shorter length."

Of the need of additional artillerymen, the general said: "The shortage of coast artillery troops for the United States proper is at the present time so far below the requirement that makes it a matter deserving the serious consideration of congress."

"Unless provision is made in the near future," the report continued, "for additional coast artillery personnel, it will be necessary to reduce the garrisons to mere caretaker detachments at some of the defenses of lesser importance, including Portsmouth, Delaware, Charleston, Savannah, Key West, New Bedford, Potomac, Tampa, Columbia, Baltimore, Cape Fear and Mobile."

### PRINCE WILSON AND BRYAN.

Mount Vernon, Ill., Oct. 22.—Resolutions lauding President Wilson for his Mexican policy and Secretary of State Bryan for his work in negotiating peace treaties were adopted by the Illinois State Ratification convention which adjourned here today. Aurora was selected for the 1915 convention and A. D. Henderson of Chicago was elected president of the Baptist Young People's Union of the state.

## CARMAN DEFENSE SPRINGS SURPRISE

MRS. CARMAN TAKES WITNESS  
STAND IN HER OWN DEFENSE

Makes Sweeping Denial of All Charges that She Murdered Mrs. Bailey and Characterizes Maid's Testimony as Pure Fabrication.

Mineola, N. Y., Oct. 22.—Mrs. Florence Conklin Carman took the witness stand in her own defense in the supreme court here late today and entered a sweeping denial of the charge that she murdered Mrs. Louise Bailey. Item by item she went over the story of Celia Coleman, the South Carolina negro in her employ at the time of the tragedy in the Carman home in Freeport, last June, and declared false every accusation made against her by the colored domestic in her testimony yesterday.

A fabrication from beginning to end was in the essence, her elaborate denial of the maid's narrative of the events of the night Mrs. Bailey was shot in the office of Dr. Edwin Carman, husband of the defendant, and of subsequent happenings in the Carman home.

In Complete Command of Herself.

The story told by the colored girl was offered by the prosecution as tending directly to connect Mrs. Carman with the shooting and the efforts of Mrs. Carman counsel today in questioning his client were designed chiefly to discredit the servant's testimony. Mrs. Carman responded with alacrity and seemingly with entire frankness to the questions of her attorney. Her demeanor was that of a woman in complete command of herself. On one occasion she smiled. Again her face wore an expression of sadness, as when she mentioned her visit to the morgue to view the body of the woman the state claims she killed. She looked into the faces of the jury with steady eyes when she brought to the witness stand some particular point.

Mrs. Carman was on the witness stand nearly an hour under direct examination. She will undergo cross examination tomorrow.

### Defense Springs Surprise.

The defense sprang a surprise when George M. Levy, her attorney called her name and asked her to take the stand. The court had been adjourning every day at 4:30 o'clock. The crowd in the court room had been listening with little apparent interest in stories told by witnesses called in an effort to break down the testimony offered by Frank Farrell, the bowery character who is another of the people's important witness. Many of those who had been in attendance throughout the day had left when the defendant was called, nearly fifteen minutes after the regular closing time.

Denies She Was "Insanely Jealous."

The wife of the Freeport physician admitted that she had installed a telephonic instrument in her husband's office, but she flatly denied that she was "insanely jealous." She said she had heard people ask her husband "how all his girls were?" Sometimes he had stayed out all night. Because of her daughter, she said, she did not want to obtain a divorce. But if her husband was as bad as he had been painted to her, she wanted to know if she found out what she had heard was true, she said, she had determined that she would continue to live in the same house with him as if nothing had ever happened but that she would never speak to him again. Then, on the morning after the murder, she declared she tore out the device that the district attorney had termed "a mechanical eavesdropper" because she thought her husband had enough already to bother him.

In denying Celia's story she made no qualifications. She denied every accusation without reservation. Celia's testimony, according to Mrs. Carman, was a pure fabrication from beginning to end.

When Mrs. Carman stepped down from the stand she was apparently as fresh as when she went on. She walked around the rear of the jury box, grabbed little Elizabeth up in her arms and kissed her again and again.

## WAR BULLETINS

AMSTERDAM, Oct. 22.—Via London 11:50 p. m.—The Telegraph says the Germans are retreating from Middelkerke on the North Sea, midway between Ostend and Westende.

LONDON, Oct. 22.—7:05 p. m.—A despatch to Reuters Telegram Co. from Rome says that further official despatches from Petrograd state that the Germans who are being pursued along the Pilzta river have left behind usually in trenches, arms, ammunition and provisions.

LONDON, Oct. 23, 3:40 a. m.—The Daily Mail's Havre correspondent says the Belgian minister of war has learned that Belgian outposts have crossed the river Yser. It was at this river that the Germans were held on their raid along the North Sea coast. The Belgian troops have repulsed all the German attacks and taken 200 prisoners.

LONDON, Oct. 23, 2:55 a. m.—Survivors of the British cruiser Hawke, which was recently sunk by a German submarine, have arrived in Scotland and report, according to the Morning Post, that two German submarines were sunk in the North Sea by the British destroyer Convoys, the rafts containing the men saved from the Hawke.

There is no confirmation here of this story.

LONDON, Oct. 23, 3:05 a. m.—"The villages of Schooten, Leftingh, Wilkekerke and Stijpe, in Northern Belgium, are all partly on fire," according to the Daily Mail's Flushing correspondent.

"The Germans," the correspondent adds, "are making trenches and bringing guns and machine guns to Zebrugge, apparently in preparation for a retreat. Six thousand bottles of wine were demanded from Ostend yesterday."

LONDON, Oct. 22.—7:50 p. m.—A despatch to the Exchange Telegraph Co. from Flushing says:

Wednesday night and today the Germans made a violent attack on the environs of Ostend which was repulsed by an energetic counter-attack by the Belgians.

"Eleven British warships fired on by the Germans this morning. General von Trip and his staff, who were together in Leftingh near Middelkerke were killed by the fire of British naval guns."

THE BATTLE FRONT, Via Paris Oct. 22.—11:51 p. m.—The obstinacy of both armies in the fighting apparently is growing daily. The battle in the north has become more violent than ever.

The Germans were fiercer than usual in today's attacks on the Belgians, whose extreme wing stretches from the coast along a front of over twenty miles on which they are fighting heroically for the restoration of the independence of their stricken country.

Further on to La Bassee and Lille the combat today also was of a most vigorous character.

LONDON, Oct. 23, 3:20 a. m.—An Amsterdam despatch to the Central News quotes a Telegram from the Burgomaster of Wenduine, Belgium, as follows:

"Victory is with the allies. Seventy thousand men have been taken prisoners between Chalons and Longwy. Three guns and 31 flags have been captured."

Wenduine is a province of West Flanders on the Belgian coast. Chalons and Longwy are respectively in the French departments of Marne and Meurthe et Moselle nearly two hundred miles southeast of the Belgian province from which the above despatch emanates.

LONDON, Oct. 23, 2:06 a. m.—Telegraphing from Petrograd the Daily Telegraph's correspondent says:

"The latest Russian success can not be described as a decisive blow but it may easily prove to be the turning point in the hostilities. It is clear that the Germans advance toward the Vistula coincides with the virtual completion of the Russian preparations for carrying the war definitely into the enemy's country.

"By pursuing the retreating Germans, the Russians will not merely follow up a local success but taking the first step in the execution of a pre-arranged plan for which the necessary degree of preparedness has only recently attained.

"The participation of Siberian troops in the operations shows that Russia has concentrated at the front her best forces from the most distant portions of the empire and it may now be expected that the operations will take the form of a steady Russian advance right along the line."

### NEW YORK POLICEMEN WERE THOUGHT TO BE SPIES

Paris, Oct. 22.—7:51 p. m.—The spy fever in Paris was the cause of an unpleasant experience for two New York policemen—Lieut. Michael Summers and Sergeant Barnard Ditch.

In consequence of an anonymous letter received at police headquarters denouncing them as suspected foreign individuals having a military appearance Summers and Ditch were awakened in their hotel by detectives and compelled to rise at dawn. After an examination of the credentials of the two policemen, the French detectives expressed regret over the invasion of their bedrooms and departed.

## COMMITTEE OF FIVE TO ASSUME CONTROL

WILL FILL CABINET POSITIONS IN  
MEXICO CITY

Committee Appointed by National Convention Will Take Charge of Portfolios—Question of Provisional Presidency Will Await Zapata's Arrival.

Washington, Oct. 22.—The Mexican national convention at Aguas Calientes which recently voted itself the sovereign authority in Mexico has appointed a committee of five, "to assume the duties" of five cabinet positions in Mexico City according to advice to the state department today. The committee is to take charge of the portfolios of foreign relations, war, public instruction, justice and finance. No mention was made in the despatches of what the convention would do with reference to the provisional presidency but it has been expected that this question would await the arrival of Gen. Zapata or his delegates for decision.

May Clash With Carranza.

A test of strength may come upon the effort of the commission to assume authority. Heretofore there has been no indication that the convention intended to exercise executive functions. Moreover there are intimations not only in the press dispatches but in official reports that General Carranza has refused to recognize the sovereignty of the assembly and proposes to continue to exercise executive functions until there has been a general election.

Will Abide by Decisions.

No mention is made in the official reports of the allegation made by Carranza adherents that General Villa moved several thousand men into close proximity to the convention. President Wilson himself expressed doubt as to its accuracy. Officials here say on the contrary that everything Villa so far has done revealed a desire not to coerce the convention but to abide by its decisions.

Street Car Employees Strike.

The state department received a telegram from the American Consul General at Monterey stating that at six o'clock on the night of October 20 all of the employees of the Monterey Street Railway went out on strike and that not a car had moved since. A great increase in wages is demanded by the strikers who are understood to want the fare to remain what it is at the present time. It is said that the rate of exchange makes the fare the lowest of any in the world and that the company has been losing money for sometime. The same company, which is Canadian, owns the lines in the City of Mexico.

Political Prisoners Barred.

The constitutionalist agency today received the following telegram from the Mexican consular agent in Nogales, Arizona.

"Political prisoners who Mayorena released yesterday at Hermosillo were rearrested at Nogales today by his orders. General Alvarado and his staff and Dr. Caturlegi escaped to the American side."

"Four hundred ex-federal soldiers from Lower California today bringing with them two cannons and three machine guns."

## GARY DINNERS LAUREL IN HISTORY OF STEEL INDUSTRY

Steel Corporation Proud of Accomplishment During Panic Days of 1907.

Philadelphia, Oct. 22.—"The Gary dinners to which ninety per cent of the iron and steel manufacturers of the country came to discuss the situation in the dark days of the panic of 1907 are a laurel and a crown in the history of the industry," said Richard V. Lindabury in his argument for the defense today in the federal suit to dissolve the United States Steel Corporation. Instead of apologizing for the action taken by the corporation at that the critical period of the country's financial history, he added, the steel corporation is exceedingly proud of what it accomplished.

Thomas Hughes, the Republican candidate for county clerk, has been seeing voters in Jacksonville and in practically every precinct in the county, and is working actively for the office for which he was nominated. Mr. Hughes served as deputy under County Clerk James S. Merrill, and is thoroughly familiar with the work of the office. He is a young man of clean character and reputation and deserves well at the hands of the voters.

The local campaign which is drawing to a close has been one of the quietest and also one of the cleanest which has been waged in many years. Thus far at least no personalities have been indulged in. All of the candidates on the Republican ticket are working actively and it seems that they have made a special effort to refrain from any criticism of their opponents or from making any comments which might be construed as of the mud-slinging type. In fairness, too, it can be stated that the campaign made by the Democratic candidates is also very largely of this character, and amongst all candidates there has seemed to prevail a generous sort of rivalry for the posts they are seeking.

### Those Cattle Prices.

While good fat cattle brought \$10.50 at a top figure Thursday and 10.85 as the top on Wednesday, the cattle market is nevertheless not in a satisfactory condition. The demand for high-grade cattle has been excellent, but prices for butcher stuff and stock cattle have suffered sharp declines in the past two weeks. Cows and general butcher stuff are 50c a hundred lower than were true ten days ago, and heifers, except those of very high quality, have gone down \$1.00 a hundred in two weeks' time. The average farmer thinks there is something contradictory in the situation when the packers truthfully declare that a shortage of live stock exists in this country, and yet at the same time continue to hammer the prices on butcher stuff. However, this does not largely affect the cattle men in this locality for most of them deal only in finished cattle so far as the selling end is concerned.

### "Hands Across the Sea."

James J. Keeley, long with the Chicago Tribune and now publisher of the Chicago Herald, told Illinois newspaper men at a recent meeting in Chicago something of the great thought there is behind the Christmas ship movement which the Herald has fostered. Mr. Keeley admitted that the idea came to him through the mail from a subscriber and that afterward he quickly launched the movement which has now taken on a nation-wide importance.

In a little package the other day Mr. Keeley found \$1.18 and with it a note from a father stating that his two children had been accumulating this money for more than six months past with the hope of being able to buy some goldfish and a bowl some time soon. Only Tuesday of this week the superintendent of schools from a county in Iowa brought to Mr. Keeley a check for \$229 and said the whole sum had been collected absolutely in pennies from the school children of his county. There was not a nickel or a dime in the whole contribution, and so the total sum represented the interest of a vast number of children. These are only two instances which illustrate what is behind the movement in Mr. Keeley's thought.

The ship is to sail within a few

weeks and it is estimated that it will carry five million gifts for the children of warring European nations. There will be some toys, but the gifts will mainly be of a substantial kind, clothing and shoes. Mr. Keeley believes that the receipt of such gifts will make an impression upon the children of Europe and the giving of such gifts will make an impression upon the children of America which in future years will be a very strong factor in contributing to the peace of the world. A child who makes a personal sacrifice of giving up the gold fish for which he had been hoping and saving for months, will have an impression made upon him that he will never outlive; a child in Europe in a time of sorrow and sadness, awaiting the gift from America, will take on an impression of an unending kind.

And so, with the lessons of the joys of peace and the horrors of war shown here in America and over across the sea in this beautiful way, it seems that with his large vision Mr. Keeley has inaugurated a movement which will benefit the world in years to come. But aside from this thought, the gift ship means much to the givers and the recipients, and going forth laden at this time with gifts which will cheer and comfort the sorrowing children of Europe, it will do much toward softening the hearts of the people and placing them in a receptive mood for peace talk in present dark days.

### Planning to Give.

Those who have planned for the "gift ship" which will help brighten Christmas in the war stricken countries and those who are contributing, are doing good and noble work. Contributions for this undertaking are well made but it will be well to remember too that right here in Jacksonville, this winter there will be abundant opportunities for extending the helping hand. While Jacksonville is not dependent upon manufacturing industries like some other cities the fact remains that general work has not been plentiful this summer and fall and is not likely to be this winter. This means that workers who have been unable to lay up anything for the winter living will be in need. There will be cases of men and women and children who will be in straitened circumstances and possibly actual want of food and raiment and fuel.

If you have a child, let him learn something of the joy of giving by denying himself some trifle or other. It will be a lasting lesson to your child and at least a fleeting pleasure to the child of some other man. Then, as to yourself. The matter of giving is a very personal thing and no man likes to be told just how or how much he should give. Suffice it to say that now is the time to plan for the winter's giving, to enter upon some sort of self denial that will mean help for someone else. It will be well to remember too, that people often need friendship, things to eat and wear just as badly before and after Christmas as they do at the Christmas time.

### CONGRESSIONAL CHANGES.

Oscar Underwood, Democratic leader, goes to the senate from Alabama, on March 4th.

Richmond Pearson Hobson, of Alabama, of Merrimack fame, forfeited his seat to run for the Senate against Underwood.

Augustus O. Stanley, of Kentucky famous in the steel investigation, also retires this term.

Thomas W. Hardwick, of Georgia leaves the house for the Senate. He investigated the sugar trust.

Robert F. Broussard, of Louisiana, advances from the House to the Senate, in Thornton's seat.

Victor Murdock of Kansas; Progressive leader, is running for the Senate in Kansas, and may be seen no more in the House.

George A. Neely, of Kansas, is the Democratic nominee for the Senate in Kansas, and his retirement from the house is expected.

Charles H. Burks, of South Dakota, is sure of election to the Senate, he says, and is placing his hopes on advancement.

Frank B. Willis, of Ohio, leaves the House to run for Governor of the Buckeye state.

Richard Bartholdt, of Missouri, the great Peace advocate of Congress, retires after twenty years of service, next March.

Henry George, of New York, the single tax advocate, was not renominated.

Jefferson M. Levy, of New York, failed of renomination and will be among the missing in the next Congress.

"Uncle Joe" Cannon, already of 28 years' service, is the principal "come back" hope of the Republicans.

William McKinley and William A. Rodenburg, two other Illinois veterans, are seeking to come back after previous defeats.

Nicholas Longworth, who shares with Secretary McAdoo the distinction of being the best known son-in-law at large, is campaigning as a come-back Congressman in Ohio.

Peter F. Tague of Boston will fill the shoes of Hon. W. F. Murray, who has resigned to become Postmaster at Boston.

## "MOTHER" JONES ATTACKS ROCKEFELLER IN SPEECH

Addressees State Federation at Peoria—Officers Are Nominated.

Peoria, Ill., Oct. 22.—Joan D. Rockefeller was violently attacked today in addresses by the Illinois State Federation of Labor by "Mother" Jones, labor leader, who told the 700 delegates that the financier held the destiny of this nation in his hands.

She is on her way to Washington to place the Colorado mine situation before President Wilson. She stopped off in Peoria and took occasion to address the state federation which is in session. "Mother" Jones asked that a resolution be drawn up and wired to President Wilson asking him to interfere in the strike situation. The resolution was sent on early this evening.

The following officers were nominated:

President—John Walker, mine workers, Springfield.

First vice president—E. W. Alton, cigar makers, Peoria; Edward J. Evans, electrical workers, Chicago.

Second vice president—John M. Irish, bartenders, Peoria; B. W. Newton, Typographical union, Rock Island.

Third vice president—James T. Patterson, glass blowers, Chicago; Mike Whalen, street car workers, East St. Louis.

Secretary-Treasurer—Victor Orlando, lake seamen's union, Chicago; L. T. McArthur, brotherhood of teamsters, Peoria.

Executive board—W. W. Morton, stationary firemen, Chicago; Al Towers, moulders, Belleville; Thomas Kelly, barbers, Streator; James Dalton, clerks, Springfield; G. B. Jenkins, carpenters, Champaign; James C. Kinsley, street car workers, Rock Island; James Shanahan, mine workers, Pawnee; James Pittman and Tilton Bozarth, mine workers, Springfield; Jerry Kain, cigar makers, Chicago; William Donahue, barbers, Belleville; Charles Kelly, mine workers, Herrin; William Harmon, bartenders, Springfield.

Nominating delegate to American Federation of Labor convention—J. F. Morris, mine workers, Springfield.

#### DISTRIBUTION OF ROUTT REWARD MONEY TO BE BY COURT

Bill of Interpleader Filed by Owner of Stolen Automobile—Other Cases Added to the Docket.

A number of cases have just been added to the docket of the circuit court for hearing at the November term.

W. R. Routt, by his attorneys, Bellatti, Bellatti & Moriarty, has filed a bill of interpleader directed against T. H. Buckthorpe of Jacksonville, Edward Crawford of Des Moines, Iowa, and S. S. Burgin of Cedar Rapids, Iowa. The purpose of the suit is to settle the rights of the three defendants as to the reward money offered some months ago by Mr. Routt for the recovery of his stolen automobile. It is stated also in the bill filed that T. H. Buckthorpe has threatened to bring suit for the payment of money alleged to be due him on account of the offer, and an injunction is asked directed against him to prevent the filing of any such suit.

It is set forth in the bill that subsequent to the time the Routt car was stolen last July that the owner offered a reward of \$500 for the return of the car in good condition. Subsequently it developed that there were three claimants for the reward money, those who are named in the bill. As the claimants were unable to agree upon any compromise Mr. Routt proposed to them that he would arrange for the bringing of the car from Cedar Rapids here and for the necessary repairs, and that the difference between the sum expended and \$500 would be ready for them when they agreed upon a settlement or the matter was determined in court. It is stated that the cost of putting the car in good condition was \$116.31 and that the balance of the sum of \$500 or \$383.69, is available for the said defendants and Mr. Routt is ready and willing to pay the money over whenever it shall be determined as to which one shall receive the money or how it shall be divided. He asks, therefore, that they be notified to come into court and to prove their claims to the reward money.

Judge M. T. Layman, as attorney for Mrs. Maude M. Powers, has filed divorce proceedings against W. A. Powers. They were married Dec. 17, 1903 and lived together until sometime in 1913, when the complainant charges that she became convinced of her husband's infidelity. They have two children and Mrs. Powers asks the court for their custody if the decree of divorce is granted.

Mrs. Emma B. Elder, by her attorneys, Worthington, Reeve & Green, has filed a bill to foreclose a mortgage against Annie McNeely et al. The note is for \$1000.

F. L. Gregory, as attorney for G. A. Faugust, has filed a suit in replevin against J. W. Taylor. The praecipe which is the only paper filed, states the action is for \$500.

**PROFITABLE MEETING OF MISSIONARY SOCIETY**

All Day Session Held at State Street Church.

There was a good attendance at the sessions of the missionary societies of the Presbyterian church of Cass, Scott and Morgan counties which was held Thursday at State street church. The devotionals were led by Mrs. T. P. Lanning and the minutes of the last meeting read by Mrs. William Russel. After business had been transacted luncheon was served at 1:30.

In the afternoon the opening prayer was by Mrs. A. B. Morey, followed by a solo, by Miss Virginia Baptist. A splendid address was given by Mrs. W. L. Berst, a returned missionary from Chenchow, China. She had a number of queries which were interestingly explained. Other addresses were given by Mrs. H. F. Carriel and Mrs. Brainer and solos were given by Miss Schibel and Miss Katherine Barr. Miss Anna Stevenson gave an interesting reading.

The old officers were re-elected as follows: President, Mrs. R. Stevenson; Vice President, Mrs. Frank Drury.

#### CHARIVARIERS FOOLED.

A number of young people gathered about the residence of A. F. Grassly, 857 South Clay avenue, last night, to give a rousing charivari for Mr. and Mrs. Ernest Grassly. To their chagrin, when admitted to the home, they found that the newlyweds had not been there, and that they were making merry because of other company which the Grassly family had during the evening.

#### FALLS FROM BRIDGE

Marian Wright of Hackett avenue, aged 18 years, is a patient at Our Savior's hospital suffering from severe bruises sustained in a fall from a bridge Thursday. No bones were broken and the young man is getting along nicely.

#### SOUTHERN DEMOCRATS PREVENT ADJOURNMENT

(Continued from page one)

time but it was stated that a recess plan might be agreed to by members from the cotton states, with the understanding that bills calculated to relieve the cotton states would be taken up after the election. Senator Hoke Smith said he might agree to such a plan.

Senator Smith and his colleagues filibustered all day but after several hours yielded long enough for a vote on the war revenue conference report which was agreed to by a vote of 35 to 11.

An effort was then made to get up the adjournment resolution but this was blocked on a motion to table it by the senator from Georgia.

Immediately a point of no quorum was made. In the meantime the house was without a quorum and Representative Underwood conferred with senate leaders and prevailed upon them to recess until 5:30 o'clock before attempting to adjourn because it was necessary for the house to have a quorum present so Speaker Clark might sign the war revenue bill. The house quorum finally was rounded up but when the senate reconvened at 5:30 the southern senators resumed their filibuster so determinedly that hope for adjournment was soon abandoned.

#### House Prepared For Close.

The house after a vigorous struggle throughout the day was fully prepared for final adjournment. Early in the day the war revenue bill conference report had been agreed to, after brief debate without even the formality of a record vote. Then Majority Leader Underwood brought in the resolution for the routine of final adjournment.

The supporters of the cotton relief measures announced that they would fight adjournment unless they could be assured of action on the currency amendments and on the cotton warehouse bill. Majority Leader Underwood, however, added by Republican Leader Mann gathered his forces together and before the rapidly melting quorum of the house disappeared the final adjournment resolution and a resolution authorizing the appointment of a committee to notify the president that congress was ready to adjourn were passed by roll call votes forced by the cotton belt representatives. This put the entire question of adjournment up to the senate.

#### LILLE MASS OF RUINS

AS GERMANS ENTER CITY

Shells and Flames Do Great Damage to Beautiful City—Streets filled With Ruins and Ashes.

London, Oct. 23.—2:35 a. m.—The Daily Telegraph's Boulogne correspondent, who left Lille Wednesday morning says:

"Lille is a mass of ruins and ashes. On Monday evening numbers of Germans entered the town. The bombardment ceased but distant firing still was heard south of the town until one o'clock in the morning.

About midnight the news was given out that the white flag had been hoisted on the town hall, but at two o'clock the firing recommenced and continued for over three hours. Evidently the French were making a last attempt on the border town, unfortunately without success.

"Later military music was heard. The Germans entered the town to the tune of the life and drum. The troops were singing hymns. Most of them were very gay and smoked big black cigars as they marched along.

"Meanwhile aeroplanes flying the German flag flew ahead of the columns announcing to the city its occupation by the Germans. At day break the inhabitants began to leave, for the most part fleeing towards Roubaix. Those who travelled to Boulogne heard reports later that the Germans, the next day, commenced withdrawing from Lille.

"The fire raged most fiercely along the Rues de Paris, Du Molinel, De Bethune, De L'Hopital, Militaire and Du Plat. Among the buildings destroyed were the Grand Hotel, the Lycee and the Grand Pharmacie de France.

"When the Germans entered they organized a fire brigade and sent for aid to Tourcoing. The firemen earlier had been discouraged from fighting the flames by reason of the danger from German shells which killed the captain and three firemen.

"Several of the historic monuments of the city were hit by shells and others were destroyed by the flames. Among the many damaged churches that of St. Maurice suffered the most, both naves being destroyed.

"Few of the inhabitants of the city had much idea of what the situation was, for most of them kept closely to the cellars.

"A party of German Uhlans, rode into Lille unopposed last Saturday but while demanding hostages of the mayor they were attacked by French cavalry. The Germans retired after several had been killed.

"About sunset a German shell burst over the town hall, penetrating the roof and starting a panic in all parts of the city. The streets were full of frightened men and women. A few minutes later, a second shell killed a boy and injured his mother in a street near the Prefecture.

"By seven o'clock in the evening the bombardment was violent and large numbers of the populace fled from the city. The museum of Fine Arts and Hotel Bellevue fell victims of the flames. On Monday the city presented a pitiful sight. Several blocks of houses were in flames. The streets in the center of the city were a mass of ruins and all the suburban roads were badly damaged."

## Baby of Future is Considered

Much thought has been given in late years to the subject of maternity. In the cities there are maternity hospitals equipped with modern methods. But most women prefer their own homes and in the towns and villages must prefer them. And since this is true we know from the great many splendid letters written on the subject that our "Mother's Friend" is a great help to expectant mothers. They write of the wonderful relief, how it seemed to allow the muscles to expand without undue strain and what a splendid influence it was on the nervous system. Such helps as "Mother's Friend" and the broader knowledge of them should have a helpful influence upon babies of the future. Science says that an infant derives its sense and builds its character from cutaneous impressions. And a tranquil mother certainly will transmit a more healthful influence than if she is extremely nervous from undue pain. This is what a host of women believe who used "Mother's Friend" during their period of expectancy.

These points are more thoroughly explained in a little book mailed free. "Mother's Friend" is sold in all drug stores and highly recommended for its timely usefulness, its safety and the real help it affords. Ask for it at the store and write us for the book. Bradfield Regulator Co., 511 Lamar Bldg., Atlanta, Ga.

The effect of this splendid external application is an expression of the thousands of women who have successfully used it and recommended it through two generations.

## LILLE'S LAST GIFT

TO HUMANITY.  
London, Oct. 22.—The important fact that domestic animals are disease spreaders has been given to the world after an exhaustive study by Dr. A. Calmette, director of the Pasteur Institute at Lille. Just before the war broke out, Calmette hastened his efforts to give his work to the outside world. The recent abandonment of the town of Lille to the Germans closed the famous institute conducted here, and Dr. Calmette is giving his service to the French relief.

The dangers due to cats and dogs is the warning Dr. Calmette sees as a result of his many experiments for tuberculosis causes. Of the dogs he examined, those of cafes, cabarets and restaurants are often infected, four or five per cent being afflicted. Of the many cats in cities he has visited, one per cent are afflicted with the bovine variety of tuberculosis, probably on account of their diet of milk.

Dr. Calmette's experiments with animals show that sheep, goats, horses and donkeys are practically immune, while pigs, especially those fed on milk, show important traces. The bacillus of consumption finds its field in domestic life and the special circle, and Dr. Calmette emphasizes that the domestic animals are an active agent in its distribution.

## THE WAR AND WINE IMPORTS.

New York, Oct. 22.—Figures compiled at this port show that champagne has fallen from 12,928 cases to six cases in the period of one year. The figures are for September, 1913, and September, 1914. Rhine and Moselle wines have dropped off sharply, only 25 cases being received last month as compared with 5,000 a year ago. Bordeaux and Burgundy fell off some 2,000 cases. On the other hand wines from Holland increased, as did sherry port, British gill brandy and cordials. Sharp gains were recorded in Italian wines and Scotch and Irish whiskeys.

And most noticeable of all, no German beer came in, although we received here 26,056 packages last September.

## RAILROADS TO COMPLETE THEIR SIDE OF CASE TODAY

Railroads Have But One More Witness to Testify Before Interstate Commerce Commission.

Washington, Oct. 22.—Counsel for the eastern railroads, which are seeking a general advance in freight rates of at least five per cent indicated today that their case before the interstate commerce commission would be completed tomorrow, with the testimony of one more witness. The attorneys representing numerous shipping associations who have vigorously cross-examined all witnesses have not announced their plans but it is believed they will have few witnesses and that arguments will be presented soon.

The hearing today turned from questions of conditions arising out of the European war which investment bankers appearing as witnesses insisted made it imperative that increased rates be granted to consideration of rates themselves. W. C. Maxwell, general traffic manager of the Wabash system and appearing in the interest of the Central Freight association presented masses of figures to show that even with the partial relief granted under the commissions previous decision the lines of that territory are in urgent need of great revenues.

Supplies Revenue Estimates. Mr. Maxwell supplied estimates on what increased revenues would accrue to the Wabash system by carrying out the suggestions made in the commission's decision. These would amount, he said to \$550,000 annually, figured on the basis of traffic in 1913 and allowing that intra-state rates could be increased also. He insisted this was not to be anticipated in Illinois and Indiana where state commissions had shown little inclination to co-operate in relieving the carriers.

## ANNUAL AMERICAN BAR ASS'N. MEETING CLOSES

Dinner in Honor of U. S. Supreme Court is Presided Over by Former President Taft.

Washington, Oct. 22.—A dinner tonight in honor of the United States supreme court and commemorative of its 125th anniversary, presided over by former President William H. Taft and attended by Chief Justice White and the associate justices of the court, closed the annual meeting of the American Bar Association. Peter W. Mel-drim of Savannah, Ga., had been elected president at the final business session.

The compromise of the race question as to membership in the association in the closing hours of the meeting permitted adjournment without a single contest on the floor. Moorefield Storey, of Boston, Mass., had introduced a resolution to rescind the 1912 resolution declaring it had never been contemplated that negroes should become members. As a substitute Henry St. George Tucker of Virginia, before debate of the Storey resolution was taken up, offered a resolution rescinding the 1912 resolution, but setting forth that whereas it is important that full information should be furnished to the executive committee as to application for membership, it was resolved that all applications for membership should state the race and sex of the applicant and such other facts as the committee should require.

The Tucker resolution was adopted almost unanimously. Mr. Storey grasped Mr. Tucker's hand and the entire audience broke forth in applause.

The Tucker resolution not only settled for the time being the negro question but empowered the executive committee to pass on the admission of women, three of whom have applied for membership.

## FORMER U. S. SENATOR CHARGED WITH LARCENY

William Lorimer is Indicted Charged with Conspiracy, Embezzlement and Larceny.

Chicago, Oct. 22.—William Lorimer, former occupant of a seat in the United States senate, president of the La Salle Street Trust and Savings Bank, four other bank officials, and John K. Seagraves, chief clerk in the office of the state auditor, were indicted in the state courts here today charged with conspiracy, embezzlement and larceny in connection with the closing of the bank.

The other defendants were C. B. Munday, vice president; H. W. Huttig, director; Thomas McDonald, cashier and Charles G. Fox, vice president.

The La Salle Street Bank and Trust Co., was closed by the state examiner June 12.

## ENJOYED VISIT HERE.

G. W. Osborne after a visit in the city with his brothers, J. T. and D. W. Osborne, left last evening for his home in Lathrop, Mo. Mr. Osborne left this city forty years ago to reside in the West but finds it pleasant to get back among the friends of his boyhood days, occasionally.

Mr. and Mrs. Thomas Langdon, Jr. and son Marion of Murrayville spent Thursday in Jacksonville.

## THE WOMAN'S RELIEF CORPS.

The state inspector of the Woman's Relief Corps is expected in the city today on her annual tour of inspection of the various corps. She will be a guest of Mrs. C. Riggs Taylor on South Main street and will, if she arrives in time, attend the regular meeting of the local corps this evening. The district convention of the corps will convene in Barry, Pike county, on Saturday morning.

## PLAN FOR SOME PERMANENT ILLINOIS MEMORIAL

Centennial Association's Decision to Erect Something of Enduring Character is Approved.

Springfield, Ill., Oct. 22.—The decision of the Illinois Centennial Commission to devote its energies to the preparation of something of an enduring character to mark the celebration of the one-hundredth anniversary of the admission of Illinois to statehood has met with the approval of men and women of prominence throughout the state. Among those who have given their endorsement to this idea is Professor Evans B. Greene, head of the department of history at the University of Illinois and President of the Board of Trustees of the State Historical Library. Upon this subject, Professor Greene says:

"In general, those aspects of the celebration which seem to me most worth while are those which have a permanent and monumental character, which will stand as a permanent memorial and as a worthy expression of the civilization of the state at the end of its first century. The best means so far proposed of accomplishing this result are the annual publications and the new building for the historical library and related interests is a crying necessity from a practical point of view. Such a building when constructed, should provide among other things a suitable depository for the state archives, in accordance with the best European practice, which is being gradually adopted by various states of the union."

The plan of the Centennial publication including a history of the State involves an expenditure of a much smaller sum of money, but will perhaps have an equally permanent value and will serve to attract attention from many who may never have an opportunity to visit the State."

## EDUCATORS CELEBRATE COLLEGE ANNIVERSARY.

Albany, N. Y., Oct. 22.—The fiftieth convocation of the University of the State of New York began this morning, and the occasion brought together a notable list of prominent educators. Governor Martin Glynn welcomed the educators and opened the session, which will be of two days' duration.

Rev. Dr. George Herbert Palmer of Harvard gave an address on "What is a Profession", and Rev. Dr. Frederick J. E. Woodbridge of Columbia spoke on "The University and the Public."

"What the School Should Do for the State" was discussed by various state commissioners, and Governor Glynn.

Herbert Quick, editor, Dr. Charles W. Kent of the University of Virginia and John H. Finley, president of the State University, were among the speakers.

## COTTON BALL IN NEW YORK.

New York, Oct. 22.—Great preparations are being made for the cotton ball to be held at the McAlpin hotel here tomorrow night, at which all the women will wear cotton gowns, stockings and gloves. Society leaders are joining with a will for the event is for the benefit of the cotton growers.

A large bale of cotton will decorate the middle of the ball room, and music will be given by an orchestra of dardies. During the intervals between the dances, pickaninies will give Southern dances.

Mrs. Martin H. Glynn, wife of Governor Glynn, is honorary president of the Woman's Democratic league, which organization is in charge of the ball.

## CHAMPLAIN MONUMENT HAS BEEN CHOSEN.

Toronto, Ont., Oct. 22.—The monument to Samuel de Champlain, which it is to be erected to commemorate the visit of the famous explorer to Ontario, has been chosen. When completed the monument will be about 30 feet high. On each side of the pedestal are groups illustrating the introduction of Christianity and the work of the couriers-du-bois. The pedestal will be surmounted by a heroic bronze statue of Champlain, 12 feet high. The monument will be unveiled at the three hundredth anniversary of Champlain's visit, and the site is at Orillia, Ontario.

## The Right Way

On some bright future day, my yaph, the kings themselves will do their slaying, when wanting strife they'll go and scrap, and let their people do their haying. Then rulers of all grades and kinds must each one wield his private swatter, when they've made up their blooming minds on blood and death and fur and slaughter. The angry king will not command his subjects to go forth in armor; he'll take his broadsword in his hand and swing it like a husky farmer. And while to scenes of gore he flees, and lops the arms from rival princes, his countrymen will tria their trees, and raise large crops of prunes and quinces. A few dead kings would make no odds, except to courier and fawner, so let them battle for their gods, and for their crowns and misfit honor. I cannot see a reason why good men should into battle frolic, and love their legs, and bleed and die, because some monarch has the colic. Most men who on grim horrors sup, on fields of battle, at this writing, would scratch their heads and give it up, if you should ask them why they're fighting. Some king or emperor or czar has told them they must march to glory and from their persons h/2 the far knocked by the foe—the same old story. And so I'm waiting for the day when men no more to war will rally, and kings who suffer for a fray will do their scrapping in the alley.

## Only Sure Corn Cure Ever Known

"GETS-IT" the New Way, 2 Drops Do It  
To endure the pains and tortures caused by a little thing like a corn is ridiculous, simply because it is unnecessary. The new-plan corn cure,

"GETS-IT" is the first one ever known to remove corns without pain without pain and without trouble. This is why it is the biggest-selling corn cure in existence today. It is now used by millions, because it does away with sticky tape, with plasters and cotton rings that shift their position and press down onto the corn, with salves that "raw up" the toe, with "hairbrushes" that cause pressure and pain, with knives, razors and files, clawing and pulling at a corn. "GETS-IT" is applied in two seconds. Two drops applied with the glass rod do the work. Pain ceases, the corn shrivels, vanishes. Accept no substitute. Try it on any corn, wart, callus or bunion tonight.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago. Sold in Jacksonville by Armstrong's Drug Co.—J. A. Obermeyer.

## ILLUMINATING OIL SHIPMENTS COMIGNED TO NEUTRAL PORTS

Standard Oil Company Issues Statement Regarding the Three Tank Steamers Seized by British Warships.

New York, Oct. 22.—The Standard Oil Co., of New Jersey issued a statement this afternoon asserting that the illuminating oil which composed the cargoes of the three tank steamers, John D. Rockefeller, Brindilla and Plutaria which were seized by the British warships, was destined to old established clients in neutral ports. The statement was given out that the company announced, because it had been intimated, "that there was some doubt as to the destination of these shipments."

## URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

## BREAKS A COLD IN FEW HOURS—TRY IT

First Dose of Pape's Cold Compound Relieves All Grippe Misery.

Don't stay stuffed-up! Quit blowing and snuffing! A dose of "Pape's Cold Compound," taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs.

It promptly opens clogged-up nostrils and air passages; stops nasty discharges or nose running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known, and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.—Advertisement.

## "CASCARETS" CLEANSE LIVER AND BOWELS

No More Headache, Bad Colds, Sour Stomach and Constipation.

Get a 10-cent box now. Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the bowels.

No odds how sick, headache, bilious and constipated you feel, a Cascarets tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.

## NOSTRILS AND HEAD STOPPED UP FROM COLD? TRY MY CATARRH BALM

Instantly Clears Air Passages; You Breathe Freely; Dull Headache Goes; Nasty Catarrhal Discharge Stops.

Try "Ely's Cream Balm." Get a small bottle anyway, just to try it. Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

And such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet,

large distributing organizations in their respective markets for supplying the local trade.

"The shipments are in no sense unusual and if embargo is to be placed on this commerce, it will have a serious effect on the petroleum industry of the United States, in addition causing great inconvenience and suffering to the public in neutral countries, who depend upon the United States for their supplies of this illumination."

**One Tanker Released.**  
Washington, Oct. 22.—Issues arising from the seizure by British cruisers of three American oil ships soon will be satisfactorily adjusted, in the opinion of the state department officials. The release after a short detention of the tanker, John D. Rockefeller, with the accompanying explanation by the British ambassador Sir Cecil Spring-Rice, that the vessel was detained only because of doubt as to the destination of her cargo, was construed as an admission by the British government of the right of vessels properly under American registry to carry oil without molestation between neutral ports.

The fact that Great Britain released the ship only after it had assured itself that, through the Danish embargo, there was no opportunity for the oil to pass into German hands was looking upon as concerning only Great Britain and Denmark, moreover it was learned that the state department has been informed that all of the neutral countries in Northern Europe now have placed embargoes upon the exportation across their borders into the belligerent countries of any commodities that might be used by the armies or navies. This, it is believed, will reduce the chances of interference with the American carrying trade.

**WARNING.**  
The people of Jacksonville are warned not to give contributions, or buy from solicitors unless they show credentials of what they represent. During the past week the Chamber of Commerce has become aware of three impostors who have been working in this city. One gentleman was taking orders for subscriptions to several well known magazines under an assumed name and collecting for them, but no money was sent in to the publishing house. Another party who solicited funds for a religious sect turned out to be an impostor.

The Chamber of Commerce always investigates the operations of such itinerant solicitors and unless they have the proper credentials to show they are refused permission to solicit aid or sell their wares to the business men or residents of Jacksonville.

We request that anyone being visited by strangers will first call the Chamber of Commerce office to ascertain whether or not their cause is a just one.

## HAS NEW JEWELRY SAFE.

Dennis Schram has just installed in his jewelry store a very large safe for his own protection and that of his customers. It is of the Herring-Hall-Marvin make and weighs 8,000 pounds. To gain access to the inner vault three heavy steel doors must be opened, each one operated with a combination lock. This vault is intended as a storage place for precious stones and other valuable jewelry and also for the valuables of customers which are at the store for repairs. Below the vault is a series of 15 drawers where surplus stock will be stored. The safe adds largely to the already excellent equipment of the Schram store.

## WORKING ON TELEPHONE LINE.

For some weeks past the C. B. & Q. railroad has had a gang of 15 men working on the telephone line along this division. The men have made their headquarters at the home of Mr. and Mrs. S. M. Hussey in Piscah, and have been doing the work south from Jacksonville. The telephone line which the Burlington is putting in will, when completed, extend from Chicago to Centralia. The road is rapidly supplanting the telegraph with the telephone over all the system for the dispatching of trains, as the telephone system has proven more satisfactory and less expensive than the telegraph.

## TANDY CALLED WONDERFUL FOOT BALL PLAYER

Atlanta Constitution Writer Says Jacksonville Young Man is Greatest Ever Seen in Georgia.

Mayor George W. Davis has received from O. E. Tandy who is now in the south a clipping from the Atlanta Constitution, which tells of the recent football game wherein the North Carolina team wrested a victory from the Georgia team by the score of 41 to 6. The writer gave the greatest credit to George Tandy who is playing center for North Carolina. Dick Jemison was the expert sport writer who penned the Constitution's report and this is the way he sized up the former Jacksonville high school player's work.

"North Carolina 41, Georgia 6. What it takes to possess a regular football machine, the University of North Carolina seems to have."

"Saturday they steam-rolled over the University of Georgia football eleven at Grant Field, piling up point after point and showing an attack that was bewildering, and a defense that was well-nigh impregnable."

"The Tar Heels have a 'real' football team. There is no getting away from that fact. They have a machine that looks far superior to any football team that has performed in Atlanta in the past six or seven years."

"The forwards are heavy, strong, experienced and know how to charge. Their backs are fleet-footed, can sidestep, stiff arm, dodge and have plenty of drive when they hammer into the line. Their tackling was fierce and deadly. When they fastened their lunch hooks on a Georgia player, he stopped."

"The work of two men stood head and shoulders above that of any man on either side. They were Tayloe at left halfback and Tandy at center, whom we nominate here and now for all-southern places at that position."

"Tandy is a wonderfully developed man, strong as a bull and he knows football. He opened up yawning holes in the Georgia line for his back to drive through and on the defensive he ploughed through time after time and nailed his man. His work is clean cut, and playing right in the middle of twenty-one other men he showed them all up by his wonderful work."

"No better back has ever performed on a local field than this fellow Tayloe. He can sidestep as well as Lewie Hardage ever did. He is as fleet-footed as Kirk Newell, he can stiff arm like Owsley and he can hammer a line like the latter."

## CHICAGO TO LOSE FAMOUS CLUB.

Chicago, Oct. 22.—The Calumet club, a landmark in Chicago, will soon pass out of existence, because of lack of new members. Here Marshall Field, George M. Pullman, Levi Z. Leiter, Philip D. Armour and other famous in the industrial development of the city, were wont to meet and discuss big business. The famous pipe of peace of Fort Dearborn hangs on its walls, and another was the fiddle played in old Fort Dearborn, long before the city was settled.

A generation ago aspiring social climbers would have spent fortunes to gain membership. Today there is no social prestige in the name, and it dies a relic.

## ROMANCE OF A HYDROPLANE.

Montreal, Oct. 22.—Friends of Albert Hickman, of the diplomatic service for the Canadian government, revealed today his pretty romance with Miss Esther Foss, daughter of former Gov. Eugene Foss of Massachusetts. He first met Miss Foss during his demonstration of a hydroplane which he had designed. The dashing Canadian, who a week ago, last Saturday, made Miss Foss his bride at Cohasset, Mass., has been successful in many fields, but never did he meet with greater plaudits than in his successful culmination of an up-to-the-minute romance. The newly-weds will reside here during the winter months.

## MICHIGAN BAPTISTS MEET.

Kalamazoo, Mich., Oct. 22.—The seventy-ninth annual convention of the Michigan Baptist association concluded its three-day meeting here today. Many notable speakers and a large attendance from all parts of the state made the gathering one of the most enthusiastic ever held here. Among the speakers were Dr. W. F. Padelford of Boston, Prof. David C. Gilmore of Burnham, Ind., Dr. Bruce Finney of Topoka, Dr. H. Stallings of the University of Chicago and Rev. Carl D. Case of Buffalo.

## ILLINOIS PLAYS SHURTLEFF TODAY

LIG FOOTBALL CONTEST SCHEDULED FOR THIS AFTERNOON.

Hard Tussle Expected Against Fast Team From Alton—Captain Raiser Between Freshmen and Sophomores.

Coach Harmon put the finishing touches on his varsity squad last night in preparation for the big game this afternoon at 3 o'clock.

ATCHISON, CENTER.

against Shurtleff college of Alton. In fact the coach has been busy all week smoothing out the rough places in his team and he expects every player to give a good account of himself this afternoon. With a clear sky and a good field, the game should abound in brilliant plays. The Shurtleff men have been putting in some hard licks in anticipation of the contest, knowing that if they succeed in winning from Illinois, that they will stand high up among the big elevens of the minor college teams.

As a certain raiser the freshmen and sophomores will play at 2 o'clock. These teams will practically be made up of non-experienced men and should afford amusement for the crowd while waiting for the big struggle.

The college boys intend to hold a parade and at the game it has been arranged for one of the college boys to stand at the end of the bleachers and explain the points of the game as it proceeds. Each player will

have a number on his back and this number will correspond to the number on the programs to be distributed. The object of this is to acquaint the public more thoroughly with the game and is a new innovation on the hill.

Coach Harmon has announced the following officials: Referee, Keithley (Lake Forest); umpire, Morse (Ames); head linesman, Larson.

Illinois lineup will be as follows: Pierce, left end; Mitchell, left tackle; Fletcher, left guard; Atchison, center; Allen, right guard; Frisbie, right tackle; McLaughlin or Karch, right end; Stewart or Gary, quarter back; Wilson, right half back; Whistler, left half back; Alford or Jones, full back.

## FRENCH GUNNERS DESTROYING FORTS

London, Oct. 21.—A despatch from Cetinje, forwarded by the Rome correspondent of the Exchange Telegraph Co., says that the nine forts about the Bay of Cattaro, in Dalmatia, are being constantly hit by shells from the new French guns which have been placed on Mount Lovcen and are gradually being destroyed. Only one fort attempted to reply.

The Anglo-French fleet continued a successful bombardment of the outer fortifications.

## WILL NOT BE DECREASED.

Springfield, Ill., Oct. 21.—Announcement was made by the state board of equalization today that the assessment on the capital stock of railroads would not be decreased for 1914, but in some instances would be raised. This action is taken in spite of strong representations made by the railroads that the earnings have decreased and passengers receipts impaired because of an increase in passenger business of the electric roads.

# WORLD'S MARKET NEWS

**WHEAT INFLUENCED BY  
LULL IN EXPORT DEMAND**

Chicago, Oct. 22.—Wheat sagged  
in price today, influenced by a lull  
in export demand. The market  
closed unsettled, 3/4c to 1/2c under last  
night. Corn finished 1/4c off to  
1/2c up, oats 1/2c down and provisions  
at an advance of 1/2c to 25c.  
Notwithstanding that wheat in  
the beginning showed a tendency to  
rise, sentiment quickly underwent a  
change. The fact was soon apparent  
that the urgency of European buy-  
ers had been lessened to a material  
extent and that purchasing on trans-  
Atlantic account would not be of  
large proportions, for the time be-  
ing, except after decided breaks in  
the market price. Bulls were also  
handicapped by dispatches from the  
northwest saying that farmers had  
been selling more freely.  
Assertions that prominent specu-  
lators had started a bull campaign in  
corn made that cereal cut loose from  
sympathy with the weakness of  
wheat. Husking returns continued  
unfavorable and prospects were for  
a wider spread of unsettled weather.  
Hedging sales formed a weight on  
the oats market. Besides, the de-  
mand from the seaboard was much  
diminished as compared with what  
has been the rule of late.

formerly the property of Robert  
Caldwell. It is for the most part  
rich black prairie land and will  
make an excellent home for Mr.  
Patterson, who is now living on the  
farm of his brother, Irvin Patterson,  
a short distance north of Ebenezer  
church. The price has not been  
made public, and Mr. Quigg has not  
announced what his own plans are.

### GAVE BIRTHDAY SOCIAL.

Aid Society No. 1 of Central Christian church were very pleasantly entertained at a birthday social at the beautiful suburban home of Mrs. Spencer Taylor on East Greenwood avenue Wednesday afternoon. The day was an ideal autumn one and the company gathered there greatly enjoyed the beautiful scenery surrounding the home. In keeping with the hallowe'en season the hostess had prepared a very pretty fortune booth on her sleeping porch on the second floor. The guests were invited to form in line and pass up to receive their fortunes which were written on small slips of paper and which consisted mostly of rhymes. They were given out by the fortune teller seated in her little "teepee". After the company had been seated again these fortunes or rhymes were read aloud and were very much enjoyed by all. The house was very prettily decorated in autumn flowers, nasturtiums and golden glow being used in the large reception hall, cosmos in the parlor and nasturtiums in the dining room. Delicious refreshments were served after which the guests departed very reluctantly to their various homes just as the October sun was setting. Mrs. Taylor was assisted in serving by Mrs. J. S. Peckham, Mrs. Julia Ferguson, Mrs. Laura Armstrong and Mrs. W. T. Clarkson. Miss Katie Clarkson acting as the fortune teller.

Mr. and Mrs. J. B. Cooper of Concord were visitors in the city yesterday.

### GRAND PYTHIAN LODGE PAID TRIBUTE TO LATE CHARLES BARNES

Address Made by John J. Reeve,  
Grand Prelate—Deceased Long  
Active in the Order.

John J. Reeve, M. F. Dunlap, J. F. Claus, K. I. Dunlap and J. B. Seibert have returned from Quincy, where they went to attend the sessions of the grand lodge of the Knights of Pythias of Illinois. Mr. Reeve was elected to the office of grand prelate and was also appointed to make an address in memory of the late Charles A. Barnes who had been for years prominently identified with the Knights of Pythias and who had served as the grand chancellor of the order. In his tribute Mr. Reeve said in part:

"There is no flock, however watched and tended,  
But some dead lamb is there!  
There is no fireside, howsoever de-  
fended,  
But for one vacant chair!"

Have been requested, in so far as I may be able, to express the sorrow of this Grand Lodge and the Pythian Order for the death of our beloved and illustrious Brother Barnes; our estimate of his character, life and genius; our sense of bereavement—to the Order and to his friends—in capable of repair; the pride and fondness with which we cherish, and would consign to succeeding generations to cherish, the memory of a great Fraternal Light.

The law of life and death is a might power that enshrouds us round, whose purposes we can in little measure compass; the Divine Creator who commits to us the swift charge of life for a little while, and then with silent solemnity swings back the portals of death and bids us enter.

Death is the only pathway by which we can come to a place of permanent union with our friends. The separation, after all, is the bitterest drop in the cup of death. The unclasp of hands, the saying farewells, the looking upon loved faces no more—these are the things that crush us.

The world knows little of its greatest men. For thus far it has chiefly honored the violent brood of battle. In the clear eyes of that Christian judgment which must yet prevail, vain are the victories of war and infamous its spoils. The great fraternal spirit which prevails in the life of our beloved brother is worth more to humanity than all the mighty generals on the battle fields of Europe.

He lived for his fellow man; he talked fraternal love from ocean to ocean, and from the snow-capped mountains of Canada to the land of the magnolias and orange blossoms. He gave of his life and energy freely to the great cause of Fraternity, and I fancy in the far misty distance I can hear a still small voice saying—"The maxims I taught you, practice them! The principles I have manifested to you, apply them! If the crisis become sterner, meet it! If the battle is closer, be true to my memory!"

Were I to stop here, the picture would be incomplete and the task imposed, unfinished.

Brother Barnes was a man of splendid legal mind and was held among the very best lawyers in central Illinois; he was a Christian gentleman and in his church and society in his home city was held in the very highest esteem. It was my good fortune to live in the same community with him and his family, and as a neighbor he was the very best. But possibly above and beyond all these, the fact that every one looked upon him as a friend was the crowning jewel of his virtues in the community in which he lived the whole of his life.

"He fought a good fight; he kept the faith," and has left an inheritance to the fraternal world, and especially to the order of Knights of Pythias, which will stand as a monument to 'Friendship throughout the ages.

His life should teach us the lesson of Friendship, and bind and cement us together in a fraternal love.

### WILL FILE BRIEF IN ANTI-TRUST SUIT SOON

Effort Being Made By Government  
to Break Up Alleged Hard Coal  
Monopoly.

Washington, Oct. 22.—The next step in the government's effort to break up the alleged hard coal monopoly will be taken within the next few days, when department of justice officials will file in New York the brief in the anti-trust suit against the Lehigh Valley Coal Sales Co.

The bill against these and other companies, alleged to be in unlawful conspiracy in violation of the Sherman act, was filed months ago, but the government's brief has just been completed. The case is expected to come up for argument before Judge Hough in the district court in New York November 11. It is looked upon here as one of the most important suits of its kind now in the courts.

The government will charge that the three companies named and through other subsidiary coal companies monopolized coal production, transportation and sale from mines on the Lehigh Valley road and that in perfecting this monopoly, more than 90,000 acres in the anthracite region have been acquired and competitors absorbed and output curtailed by purchase contracts.

### BURMAN BREAKS RECORD.

Colesburg, Ill., Oct. 22.—Bob Burman today broke the world's automobile record for fifty miles on a circular dirt tract, when he made the distance here in 45 minutes, 48 seconds. The previous record for fifty miles was 46 minutes and 32 seconds. Jack Gable of Philadelphia and Fritz Walker, his mechanic, were injured when the machine they were driving crashed into a fence.

### PRUSSIAN DIET PASSES WAR BILL GRANTING \$375,000,000 CREDIT

German Vice Chancellor Asserts  
Germany Was Forced Into War  
by Hatred and Envy of Her  
Neighbors.

Berlin, Oct. 22 (via Amsterdam to London), 11:55 p. m.—Clemens Del Brueck, German vice chancellor, told the Prussian diet today Germany had been forced into the present war by the hatred and envy of her neighbors. Mr. Del Brueck made this statement in introducing in the diet a war bill which included a measure granting a credit of 1,500,000,000 marks (\$375,000,000). All three stages of the war bills were passed unanimously and one diet voted a congratulatory message to the empire.

Mr. Del Brueck regretted, he said, that the imperial chancellor, Dr. von Bethmann-Hollweg, who had accompanied Emperor William in the field, was unable to be present at the session.

"I am the bearer of the sincerest greetings of the emperor to you," continued Herr Del Brueck.

"Life is following with lively interest your work, which will heal the wounds created by the war. I wish you swift progress in your deliberations."  
"While our armies are fighting and shedding their blood, our duty is to maintain the country in a strong and efficient condition. Unprecedented claims are being made on us and the most gigantic sacrifices are demanded; but everybody knows that we possess the resources which will enable us to hold out until peace is attained."

All three stages of the war bills were passed unanimously.

### WILL DISCUSS CONDITIONS IN FOREIGN EXCHANGE MARKET

English Treasury and Federal Reserve Board Representatives Confer Today.

Washington, Oct. 22.—Conditions in the foreign exchange market and the international aspects of the cotton problem will be discussed tomorrow at a conference between Sir George Paish and Basil B. Blackett, representing the English treasury and the federal reserve board, Secretary McAdoo and some of the prominent American bankers who deal in foreign exchange.

Among the bankers invited are H. P. Davison, J. S. Alexander, A. H. Wiggin, Jacob H. Schiff, William Woodward, Samuel McRoberts, Jas. Speyer, George Foster Peabody and Benjamin Strong, Jr., of New York; James Brown, of Philadelphia and D. C. Wing, of Boston.

"No specific plan has yet been considered," said a treasury department statement tonight, "and the whole situation will be discussed at this conference. Sir George Paish and Mr. Blackett already have given assurances of the firmest desire of the British government to lend all possible assistance for the restoration of normal conditions in the foreign exchange market and the alleviation of the cotton situation."

Sir George Paish today returned the informal of Governor Hamlin of the federal reserve board but did not discuss topics which will come up tomorrow at the conference. The board at its meeting did not take up the foreign exchange problem.

### AFTER ALLEGED BUTTER AND EGG MONOPY IN NEW YORK

Five Packing Houses Are Said to  
Control the Sale of the Products.

New York, Oct. 22.—Attorney General Parsons hopes to prove that the prices of eggs, cheese and butter in this city are fixed by the New York Mercantile Exchange. This statement was made by Deputy Attorney General Franklin Kennedy today during his examination of F. G. Henry, superintendent of the Exchange in the state's inquiry to determine if there is a butter and egg monopoly in the state. The investigation began today before former Attorney General Edward R. O'Malley, sitting as referee, with representatives present from five packing houses, alleged to control the sale of butter and eggs here.

Mr. Kennedy introduced as evidence a supreme court decision handed down in Brooklyn in 1907 restraining the New York Mercantile Exchange from fixing day-to-day quotation in butter. This practice was not discontinued, as ordered, according to Mr. Kennedy.

### CONGRESSMEN WILL SPEAK.

What is heralded as a great pow-wow of the local Democrats is to be held tonight at the court house, when Congressmen Rainey and Williams will be the special orators. No doubt the congressmen will be occupied in explaining the work that they have done down at Washington for the past two years and setting forth other arguments why they should be returned for the coming two years.

### WEEGHMAN CONFERS

WITH CHARLES TAFT.  
Cincinnati, O., Oct. 22.—Charles Weeghman, president of the Chicago Federal League club, held a conference here today with Charles P. Taft, owner of the Chicago National League team. That a possible purchase by Mr. Weeghman of Mr. Taft's interest in the Chicago Nationals was discussed was admitted, but further than this no announcement was made as a result of the conference.  
Mr. Weeghman is reported to have left this city immediately after the conference, presumably for the east, where a meeting of the magnates of the Federal League is to take place tomorrow.

### CROSSING WATCHMAN GIVES LIFE TO SAVE BOY

Joliet Employee of Chicago, Rock Island and Pacific Railroad Dies of Injuries.

Joliet, Ill., Oct. 22.—When "Honest Andy" Morrissey, for twenty years an employee of the Chicago, Rock Island and Pacific railroad, was called into the office of the pension board on August 11, and told he would be retired, he pleaded to be returned to his post as watchman at the Center street crossing. The board granted his request and the next day Morrissey ran fifty feet and dragged a five year old boy from the path of the on-coming Davenport express but was himself struck by the train. He died today.

### HAS OBTAINED LOCATION.

New York, Oct. 22.—It was announced today by the federal council of Churches of Christ in America that its committee of one hundred, appointed to arrange for religious activities at the Panama-Pacific exposition in San Francisco had obtained an excellent location on the exposition grounds and proposed the erection of an exhibition building there in the interest of the religious movement.

## We've Been Talking to You for Several Months ABOUT MONEY.

Altho hundreds of Jacksonville people have taken advantage of our low rates, long time, easy payment plan of loaning MONEY, we know there are many more who could use a few extra dollars to good advantage but hesitate to call for some imaginary reason. You may think it a difficult matter to draw MONEY of us, that we ask you a lot of embarrassing questions, or go nosing around among your relatives or friends to find out all about you. We do nothing of the sort. We simply LOAN you the MONEY on your own name without asking any one to sign with you, and only ask a lien on your Furniture, Piano, Fixtures or other personal effects as an evidence of good faith on your part. You pay us back in small weekly or monthly payments and that's all there is to it. We have a long time lease on our office room and have it fitted up in a business like way. A call will convince you that we are reliable and we assure you pleasant and courteous treatment whether you use our MONEY or not.

Special Program Prepared for Their  
Entertainment — Association at  
Business Session Exemplified  
Work—Resolutions of Appreciation.

Delegates to the State Anti-Horse Thief association had a group picture taken Thursday morning and then boarded cars furnished by courtesy of the Jacksonville Railway & Light Co. and went to the State School for the Blind. There an exhibit of class and shop work had been arranged by Supt. Montgomery and it proved very interesting to the visitors. Later the party again boarded the cars and went to the State School for the Deaf where another very excellent program had been arranged for their entertainment. Supt. Gillett made a brief talk and a prayer was given in the sign language by E. P. Cleary. Demonstrations of class room work were given by Mrs. Helen Jordan, Miss Macomber and Miss Davis and then various industrial departments were visited.

Following the School for the Deaf program the delegates were taken on a South Main street car ride and a number of them visited Jacksonville State Hospital.

A brief business session of the association was held when resolutions of appreciation were adopted and the work was exemplified. In the resolutions which were presented by Sidney B. Smith, S. D. Brown and C. L. Montgomery and most cordial words of thanks and appreciation were expressed to Mayor George W. Davis, F. J. Heintz and J. W. Inslee for addresses; to Misses Ainslee Moore, Hazel Belle Long and Paye Rodgers for taking part in the program; to the Jacksonville Chamber of Commerce and Secretary Pritchey for various favors; to the Jacksonville Railway & Light Co. for free conveyance; to Supt. Montgomery and Supt. Gillett for entertaining programs; to W. C. Springate for an invitation to Brown's Business College; to John Groves for reporting the proceedings of the convention; to the local Anti-Horse Thief association for the entertainment of delegates and other arrangements. Each of the persons and organizations mentioned is to receive a copy of the resolutions and the young ladies will receive flowers as a special mark of appreciation.

**MERRITT WHITE  
ELEPHANT PARTY.**

The L. A. S. of the Merritt M. E. church will give a White Elephant party at the home of Mr. and Mrs. Norman Campbell next Wednesday, October 28th. Members of the society have sent to the Journal some verses written by Elizabeth Day for the Ladies' Home Journal, which explains what the party is to be. The verses are printed at the request of the society.

**White Elephant Party.**  
Have your slumbers been tormented every time you went to rest. And your waking hours made awful when you rise. By processions of White Elephants that sit upon your chest. And eye you with their wicked little eyes?

Those grimly frightful Christmas gifts that wouldn't let you sleep. Thine advent gifts that made your hair turn gray; The plaque your cousin painted that always made you weep. The chromo that you've longed to give away:—

The hand-embroidered tidy that your wealthy great-aunt made. To brighten your artistic mission glooms; Those terrible white elephants forever on parade. Don't you wish that they were dead and in their tombs?

Now here's a chance to finish one, that ought to help a bit. Pick out the ones whose horror gives you woe. Do him up in fancy wrappings so he's sure to make a hit. And bring him to the party—to the show!

Don't let anybody see him, or even try to guess. If he's young or gay or old enough to drop. But if any one should say "exchange" speak up and answer "yes."

There's no limit to the times that you can swap. Come early—eight o'clock's the hour and trade till nine o'clock. But when the fateful hour of nine is heard. You must open up the elephants prepared for any shock. And perhaps the one you've got will be a bird.

There's one thing more; this party is a birthday party, so we're sending you a bag of sticks to hold. An offering you can easily slip in before you go— A penny for each year you're young or old.

## COMMUNITY TRAINING SCHOOL WILL BE ORGANIZED TUESDAY

Meeting for the Purpose Will Be Held in the High School Auditorium—Purposes Are Explained.

The community training school which for some time past has been in process of organization and enrollment will hold their meeting at 7:30 o'clock Tuesday evening in the high school auditorium.

The community council which has had the matter in hand have been energetic in their efforts and are now prepared to launch what is hoped will be one of the most effective co-operative movements for the diffusion of religious and moral education and training ever put forth in this city.

The purpose of the school as set forth in the prospectus issued by the committee is to promote the advanced study of the Bible and to train Sunday school teachers, officers and other Christian workers with a view to more efficient and enthusiastic service. The best talent in Jacksonville has been secured for the teaching faculty of which Prof. Rollin H. Tanner of Illinois college holds the position of dean. He, with the advice and co-operation of the executive board will provide the courses of study to be pursued. Mrs. W. S. Badger has been appointed registrar and she is being assisted by Dr. E. C. Harris and Carl H. Weber, who are the committee on enrollment and already have enrolled sixty names which have been received from three churches where the matter was presented.

Successful schools of this kind are in operation at Davenport and Gary, Indiana; Detroit, Michigan; Denver, Colorado; Oak Park, Kewanee, Chicago and several other cities in the middle west. The local school is modeled somewhat after these schools and also the plans of Dr. Franklin McElfresh, the international teacher training superintendent and those of Dr. R. P. Sheppard, secretary of the Illinois Sunday School Educational Division have been revised and adopted by the Jacksonville committee.

Among the prominent religious workers of the city who have signified their willingness to teach special classes are Miss Ruby Neville of the Illinois Woman's college and Dr. C. E. Harris, principal Whipple Academy.

A further list of teachers and lecturers will be announced Tuesday evening.

Any person in the community of high school age and over who is interested in the objects of the school is eligible to membership and may enter at the beginning of any term. The present school year will consist of two terms of twelve weeks each, but it is very probable that in the future three terms of twelve weeks will be devoted to the work of the school. The first term, counting from the organization meeting Tuesday evening, will last from Oct. 27, 1914, to Jan. 26, 1915, excepting the usual holiday vacation from Dec. 22 to the 29th inclusive. The second term will hold from Feb. 2, 1915, to Aug. 27 inclusive.

Through the courtesy of the board of education the meetings of the school are to be held every Tuesday evening during the dates mentioned in the high school building from 7:30 to 9:00 p. m. In case Tuesday evening does not prove to be the most acceptable it is probable that a vote may be taken on the most available evening to all concerned and the plans changed accordingly.

A nominal registration fee of 50c per term will be charged each student, which it is expected will cover the running expenses and probably in time provide a small sum for the purchase of reference books.

## HAITIEN REVOLUTIONISTS PREPARING FOR CAMPAIGN

Revolutionists Hope to Deliver Blow That Will Annihilate Weakened Federal Army.

Washington, Oct. 22.—Haitien revolutionists are preparing for a final campaign to crush the existing island government, according to today's reports to the navy department. Active preparations are under way large numbers of recruits are being enlisted by northern leaders to deliver a blow that is expected to annihilate the already weakened federal army.

Commander Twining of the gunboat Tacoma, at Cape Haitien, reported that a force of 100 United States marines had been placed as a guard at the American consulate. He also reported that the crew of the Haitien gunboat Nord Alexis had deserted and turned the vessel over to the revolutionists.

Davilmar Theodore, a rebel leader, has entered Cape Haitien and declared himself president. Salnave, a prominent revolutionist, has assumed command of the rebel troops and is increasing his forces.

## INFUX INTO PARIS.

Paris, Oct. 22.—10:20 p. m.—The retirement of the Belgian army from Antwerp and the occupation of towns in Western Belgium by the Germans has caused a large influx into Paris and other French towns of Belgian soldiers on leave of absence and Belgian refugees.

"The soldiers who are resting here are being feted by the population and the civilian refugees are treated with every consideration. Many of the latter are seeking employment, as they despair of an early revival of industry in their country. Others of them are preparing to emigrate to the United States.

## MOTORCYCLE CATCHES FIRE: MACHINE IS BADLY DAMAGED

Clarence Walsh Has Narrow Escape From Serious Burns When Blaze Starts From Headlight.

Clarence Walsh's motorcycle was badly damaged by fire Thursday night about 11 o'clock, when a blaze was started from the headlight on his machine.

He was getting ready to go home and rode to Newman's garage to get a gallon of gasoline and was sitting on the machine while the fluid was being pumped into the tank. The headlight on the motorcycle was burning at the time and just as the last of the gasoline was being pumped into the machine it spouted up about six feet. Expecting a fire when he saw the fluid spout into the air, Mr. Walsh jumped off and let the machine fall to the pavement and it was on fire in an instant, the gasoline striking the hot headlight in its fall. The fire department was called and the blaze was extinguished with the chemical. The front tire of the machine was destroyed, the tanks melted and the coil damaged.
